

HTP[®] HYDROLYSED TOP PROTEIN

HYDROLYSED WHEY PROTEIN FOOD SUPPLEMENT

WITH PROHYDROLASE AND NUCLEOTIDES

Optipep[®]
Hydrolysed whey protein at its best

FOR INTENSE MUSCULAR EXERTION

PACKAGE: 750 g JAR WITH MEASURING SCOOP
1950 g JAR WITH MEASURING SCOOP
BOX 12 SACHETS, 30 g/EACH

- HYDROLYSED WHEY PROTEIN ISOLATE - OPTIPEP[®]
- WITH PROHYDROLASE[™], AN ENZYME BLEND PROMOTING PROTEIN DIGESTION
- WITH NUCLEOTIDES FROM RNA, TO IMPROVE THE NUTRITIONAL STRUCTURE OF THE BLEND
- COMPLETE AMINO ACID PROFILE, HIGH IN BCAA
- EXTREMELY RAPIDLY DIGESTED AND ABSORBED
- IMMEDIATELY SOLUBLE
- NO ADDED SUGARS

Disponibile nei gusti:

- cocoa
- vanilla
- Cookies

FEATURES

HTP[®] Hydrolysed Top Protein is a high protein food supplement made exclusively from isolated and hydrolysed whey protein. HTP[®] is extremely digestible and rapidly absorbed thanks to the high concentration of hydrolysed polypeptides. HTP[®] contains ProHydrolase[™], an exclusive blend of proteolytic enzymes, developed to support concentrated protein blend digestion and assimilation. The highly pure nucleotides contribute to improve this protein blend nutritional structure. The special hydrolysis technology of whey protein isolate is guaranteed by the Optipep[®] trademark. This blend also contains a high concentration of polypeptides, lactoglobulins, lactoferrin and BCAA. Vitamin B6 contributes to normal protein and glycogen metabolism, normal energy-yielding metabolism and to the reduction of tiredness and fatigue. Proteins contribute to the growth and maintenance of muscle mass and to the maintenance of normal bones. This product is gluten-free, therefore is suitable for people with coeliac disease. HTP[®] has a natural, pleasant taste thanks to the careful balance of its ingredients.

INDICATIONS

HTP[®] Hydrolysed Top Protein is an extremely digestible product, with a high protein content for the growth and maintenance of muscle mass, useful for the diet of athletes who do intense exercise. This product is suitable in case of increased protein requirements.

HOW TO USE AND RECOMMENDED DAILY DOSE

Take 30 g product per day (3 measuring scoops) between meals, dissolved in about 250 ml of water or milk. This product can be consumed even after intense exercise, thanks to its exceptional digestibility.

INGREDIENTS CACAO

Whey protein (Optipep isolate and hydrolyzate has), Cocoa powder 6%, Aroma, Sweetener: sucralose; Nucleotides, ProHydrolase % (protease from vegetable substrate fermented and bromelain from Pineapple comosus (L.) Merr., standardized jams min. 3500 HUT/10 mg) (contains milk and soy derivatives), pyridoxine hydrochloride (vitamin B6)

INGREDIENTS VANILLA

Whey protein isolate, hydrolyzed (Optipep I), aroma, Sweetener: sucralose; Nucleotides, ProHydrolase % (proteases from fermented vegetable substrate and bromelain from Pineapple comosus (L.) Merr., standardized jams min. 3500 HUT/10 mg) (contains derivatives of milk and soya), pyridoxine hydrochloride (vitamin B6)

RECOMMENDED FOR

- Athletes who need protein nutrients for improved recovery
- To promptly provide polypeptides, useful to support muscles after intense activities
- To enhance and support muscle mass
- Professional athletes or people who do intense exercise

WHEN TO USE HTP[®]

Warnings: Food supplements are not intended as substitutes of a varied, balanced diet and a healthy lifestyle. Do not exceed the recommended daily dosage. Do not use in pregnancy, in children or for long periods without your doctor's advice. Keep out of reach of children under the age of 3. This product has no added sugars it has naturally occurring sugars. Store in a cool, dry place. The best before end date applies to the product in its intact container when stored as directed. This product is tested free from nandrolone and testosterone, with their precursors, free from amphetamines and ephedrines.
